HINGE-FIT PTY LTD

RAVCO HINGE

High strength aluminium alloy precision extrusion with exclusive mechanical principle that eliminates the familiar hinge pin – to provide the appearance of solid trim and yet operate through a full 180° rotation.

FEATURES

RAVCO Joins door to frame along full length for a smooth, no-gap surface of immense strength. Sealed joint is eminently suited for areas which must be protected against humidity, light and noise.

No cross-cuts or breaks. The full profile of each extrusion is joined along its entire length. Consider applications where pilfer-proofing and complete weather- sealing are needed.

APPLICATIONS

- ◆ Shower Doors
- ◆ Office Partitions
- ◆ Laboratory Cabinets
- ◆ Folding Doors
- ◆ Office Machines
- ◆ Instrument Cases

1

Shower Screen Hinge for hinging Glass to aluminium frame.
To suit 6mm glass with neo rubber.

2

Shower Screen Hinge for hinging 6mm glass to 6mm glass with neo rubber.

3

Cabinet or Shower Screen Hinge
For panels or extrusions 12mm thick.

4

Cabinet Hinge for panels 18mm thick.

5

Light weight door hinge for doors 35mm thick.

6

Heavy duty door hinge for doors 35mm thick.
